

Konichiwa. I am Yuki Tanaka. I am eight years old. My father is Japanese and my mother is Filipina. I am proud of be a Japanese Filipino Child, but sad to say that I lost my Japanese nationality because my father has been missing since when I was born.

I am humbly requesting you, your honor to help me acquire my identity as a Japanese citizen.

My greatest dream is to become a Japanese teacher. I want to help the other Japanese Filipino children by teaching them Filipino or Japanese language. I believe that I can become successful in the future if I could acquire my Japanese nationality.

Domo arigato gozaimasu.
